UPPALAPATI SRIKANTH

+91-8074777427 | srikanthuppalapati09@gmail.com

Summary Final-year B.Tech student in Computer Science Engineering with strong foundations in Data Structures, Object-Oriented Programming, and Database Management Systems. Experienced in developing scalable backend services and full-stack web applications using Python, FastAPI, and React. Passionate about software development, system design, and building efficient solutions to real-world problems.

Education Parul University, Vadodara, Gujarat | 2022 – 2026
B.Tech in Computer Science Engineering – Artificial Intelligence | CGPA: 7.38 / 10

Experience Python Assistant Trainer | GamutX | Aug 2025 – Nov 2025

- Delivered technical training on Python programming, focusing on core concepts.
- Guided students in developing automation scripts and building basic REST APIs.
- Assisted in debugging code and applying clean coding principles.
- Introduced Git-based version control workflows for collaborative development.

Projects LakshyaAI – Resume Intelligence Platform | 2026 – Present

- Developing a platform that analyzes resumes and generates ATS-style feedback.
- Implementing resume parsing and automated skill extraction.
- Designing backend services using FastAPI and REST APIs.
- Building a React dashboard to visualize ATS score insights.

AI-Powered Portfolio Platform | 2026

- Developed a full-stack portfolio platform with secure authentication.
- Implemented JWT authentication and OTP-based email verification.
- Integrated an AI assistant for interactive exploration of projects.
- Built REST APIs and deployed backend infrastructure on cloud hosting.

QuickPrint – Self-Service Printing Kiosk System | 2025

- Built a kiosk-based printing system enabling QR-based document uploads.
- Implemented backend job tracking and automated print workflow management.
- Designed dynamic pricing logic for print configuration.
- Developed the system using React, TypeScript, FastAPI, SQLAlchemy, and SQLite.

Skills Programming: Python, SQL
Web: HTML, CSS, React, FastAPI, Flask
CS Fundamentals: Data Structures, OOP, DBMS, Operating Systems
Databases: PostgreSQL, SQLite
Tools: Git, GitHub, VS Code, PyCharm
Professional: Communication, Team Collaboration, Problem Solving, Analytical Thinking, Time Management

Certifications

- NCC A Certificate (Grade B) – Leadership and Teamwork
- Stock Market Fundamentals Certification
- Participated in Vadodara Hackathon 6.0
